DEAR READERS,

Teacher as a mentor, Teacher as a facilitator,

Today, I want to talk about the second most important anchor of a school, its teachers. Teachers with their dedication, attention and care shape the future of a child.

It is a challenging profession because a teacher has to constantly upskill and reinvent himself/herself. Taking care of the academic, emotional and social development of a youngster and making him future ready requires a teacher to possess multiple talents. Some of these requirements of the profession may be intrinsically present but for many others extrinsic training and support is necessary.

In an average workspan of thirty years, a onetime training is not enough. In service training is very much important. The National Education Policy 2020 also lays great emphasis on Teachers training and has made a minimum of 50 hours teachers training mandatory.

Centre Point recognises that if children in its portals have to achieve global citizenship skills then their mentors need to be trained with new age ideas and techniques.

This year “The Artful Teachers workshop’ was conducted by Sanjna Kapoor and Timira Gupta, where the objective was to enable meaningful and joyful learning, driven by curiosity and interest, where curiosity becomes a habit of the mind and subsequent action. The artful approach of finding multiple ways of expressing through observing, listening, wondering, exploring, risking, and then fearlessly communicating is paramount to teaching and learning. The training by the experts have been scheduled in multiple phases over the year and will continue into the next academic year.

This training is gradually going to infuse a new energy into the classroom.

Centre Point has identified another need of the school. Teachers need expertise in sexuality education. With children being exposed to explicit content at an early age, a certain expertise is required to address and answer their queries in an age appropriate manner. Ms. Anju Kish of UNTABOO is training teachers of Centre Point Group to integrate sex education in school.

This training will go a long way in creating a generation of positively aware and responsible children, able to take safe and informed decisions.

Any such skilling programme requires time, effort and a deep investment in the project and teachers at Centre Point School undergo such training with zeal and enthusiasm. Each one of the teachers at Centre Point are ringing in new age practices that gives the school an environment of nurture, wellbeing and makes it a happy space.

PATRIOTIC FERVOUR MARKS INDEPENDENCE DAY FESTIVITIES AT CPSWN

Commemorating 75 glorious years of independence this year became even more special as India celebrated its 76th Independence Day amidst fanfare and patriotic fervour and the spirit was no less in Centre Point School, WN on the morning of 15th August, 2022. Even the rainy drizzle couldn't dampen the mood as the seniors of Classes 9 to 12 witnessed the flag hoisting by the school Principal, Mrs Kanchan Ukey and saluted the Tricolour before singing the National Anthem.

Reaching out to every class over the public address system, Harsh Jaiswal of Class 8 took his listeners down memory lane, extolling the virtues of our freedom fighters who sacrificed everything for the sake of their country. He implored everyone to be proud of their homeland and remember their responsibilities towards it.

A well-rehearsed skit staged by a hundred Class 6, 7 and 8 students under the tutelage of the Social Science Department brought to life the untold tales of unsung heroes of our freedom movement who rarely find mention in the History textbooks. The young patriots paid homage to Preetilata Waddedar, Begum Hazrat Mahal, Alluri Sitaram Raju and Gunda Dhur by highlighting the contribution of these historical figures in achieving our independence. The participants learnt a lot about these freedom fighters as their performance was keenly watched and enjoyed by all.

The whole school joined in rendering the patriotic songs 'Kabhi na jhukna paye...' and 'Vande Mataram' sung by the school choir waving their flags high with pride.

Greeting everyone on the auspicious day, Mrs Ukey reiterated how our freedom had to be earned and how it is every citizen's responsibility to safeguard it now in every sense, be it economically, politically or spiritually. She also recapitulated on the Azadi ka Amrit Mahotsav, an initiative undertaken by the Government of India to help people appreciate the rich cultural heritage of our country and the many activities conducted in the school throughout the last year under this banner. She proudly mentioned some remarkable instances of India's progress in the recent past namely the newly appointed President of the country from a tribal community and

India's wonderful performance in the CWG. On a concluding note, she urged 'the leaders of tomorrow' to imbibe a sense of responsibility and discipline in everything they did to carry forward the legacy of a great nation.

In step with the beats of 'kadam kadam badhaye jaa...', the students happily dispersed to enjoy a well-deserved holiday 'free' of academic pressures at least for a day!
